CMCC Doc. No. 151X5.713

Copy 1 of 2Page 1 of 2

Dear Dan:

Amendment 10 specified Requirement No. 2 was to receive one (1) C Rack (MP-10942). We shipped Requirement No. 2 a C Rack, Serial No. 6, on his Shipping Document No. MP-81A, dated August 1, 1957. Amendment 11 changed the distribution somewhat, and Requirement No. 2 is no longer scheduled to receive a C Rack. It, therefore, appears that a transfer will be required.

Requirement No. 1 has received all four (4) of his C Racks, and Requirement No. 3 has received one (1) against his present quantity of twenty-one (21). We have discussed this situation with Bob W.'s people, and they recommended we take it up with you since they are not directly involved. It is suggested that Serial No. 6 of this C Rack be transferred from Requirement No. 2 to Requirement No. 3. Please advise us.

Sincerely,

Bob
